Denials and Appeals: Common Mistakes & Tips for Getting that Denial Reversed

Have you ever experienced the frustration of having a claim denied? Would you like to know the proper way to appeal and have the denial reversed? Come listen in as your peers discuss best practices using real situations. Bring your questions!

Date: Feb 9th Time: 9am-12noon Fee: \$159 (\$139 AMCNO) CEUs: 3

Confident Communication with Providers about Coding Issues

Learn how to confidently and professionally communicate with physicians and other providers. Gain the skills needed to make your interactions positive, even when providing negative feedback. We will discuss adult education techniques, best ways to ask for clarification and role play typical scenarios.

Date: March 9th Time: 8:30-12noon Fee: \$159 (\$139 AMCNO) CEUs: 3.5

ICD-10 Preparation: Review of ICD-10 Structure + Anatomy, Physiology & Medical Terminology

This is a preparation course for ICD-10-CM. Topics include an explanation of ICD-10 with comparison to ICD-9; guidelines for coding, chapter by chapter explanation of ICD-10 with review of anatomy, basic physiology, medical terminology and basic pharmacology. Also included are clinical examples with hands-on coding exercises for each ICD-10 chapter.

Date: April 6th Time: 8am-12:30 pm Fee: \$135 (\$120 AMCNO) CEUs: 4.5

If you are new to medical coding, or if you have begun coding in a new area, take these courses to get an overview of coding issues for ICD-9. Implementation of ICD-10 will not take place until 2013.

ICD 9 and CPT Coding Updates for 2011

Gain a better understanding of the correct application of new 2011 diagnosis and procedural codes.

Date: Dec 9th Time: 8:30-11:30am Fee: \$159(\$139 AMCNO)

ICD 9-CM Fundamentals and More

Take advantage of this seminar to strengthen your ICD 9-CM diagnostic coding skills. In a hands-on interactive session, you will work on multiple coding exercises and have your coding questions answered. Scenarios will increase in complexity as the day progresses.

Date: March 23rd Time: 9am-3:30pm Fee: \$199 (\$179 AMCNO) CEUs: 6

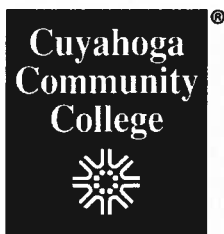

CPT Coding Fundamentals and More

This is a companion class to ICD 9-CM Fundamentals that will strengthen your procedural coding skills and reduce your claims denials.

Date: April 13th Time: 9am-3:30pm Fee: \$199 (\$179 AMCNO) CEUs: 6

All seminars will be held at the following location:

**Corporate College East
4400 Richmond Road
Warrensville Heights, Ohio 44128**

**Cuyahoga Community College
Center for Health Industry Solutions
